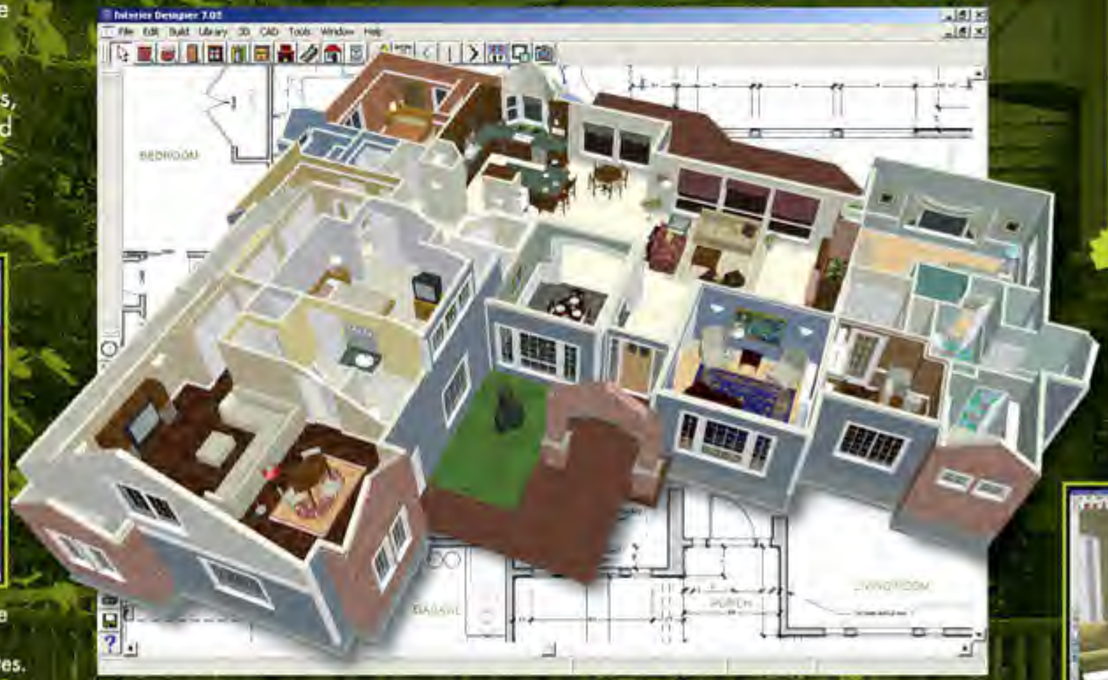
Create Your Dream Home...

Design and decorate your dream home today with Interior Designer. Quickly place and arrange walls, windows, doors, and cabinets. Plus choose colors, place furniture, and create kitchens and baths. Design and visualize your home with 3D Models and Virtual Tours.

– It's Easy, It's Fun!



Interior Design

It's easy to design your home – use the House Wizard™ to arrange your rooms, or choose from pre-arranged furniture grouping templates.

Decorating

Decorating your designs is easy. Choose from over 5,000 Library items to customize and decorate your design projects!

Remodeling

When planning, start with our easy-to-use home style templates to help select a design style that fits your lifestyle.

Space Planning

Choose from over 500 sample plans, use the House Wizard™, or create your own custom design.

Kitchens & Baths

Design your next kitchen or bath – use the Cabinet Designer™ tools to create thousands of cabinets or select from pre-arranged kitchen islands for that perfect kitchen.

Colors & Textures

Change and create your own colors, textures, and materials. It's easy with built-in tools like the Material Painter™ and Color Chooser™.

...Today!

INTERIOR DESIGN

Walls, Windows, Floors...

Remodeling Can Be Fun!

Use 3D visualization tools to design and experiment with your remodeling ideas. Create pictures and virtual tours in minutes.

Move a wall, change a color, add a room, redesign a kitchen, estimate the costs – all before you build. Interior Designer makes it easy to visualize your design ideas with your next home or remodeling project.

Have Fun Remodeling...

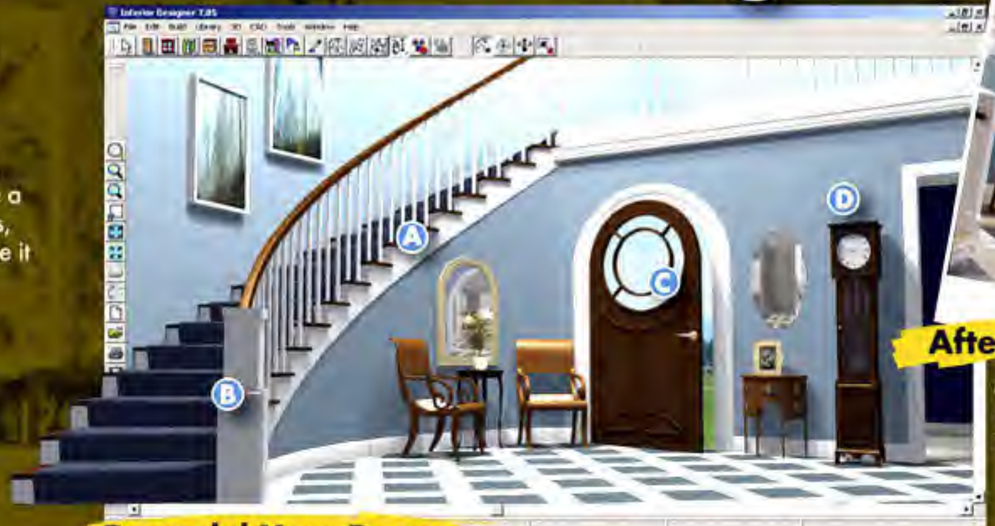
The Fun and Easy Way to Design

Create realistic 3D models in minutes for your next remodeling project. Arrange walls, windows, doors, and then automatically generate a 3D model or take a Virtual Tour. Powerful design tools – like curved walls, stairs, roofs, dimensioning, and Plan Check™ – make it easy for anyone to design and remodel.

– No Design Experience Needed!

Before

Interior Designer assists you with the most challenging part of your remodeling – visualizing your finished project. With Interior Designer, you can see your project before you build it!



Remodel Your Rooms

Remodeling can be fun to design and visualize. Imagine what your house could look like with a new room or an updated entryway. Ⓐ Use the curved wall tool to create a new wall and staircase. Ⓑ Place stairs with a single click, customize the railing, add a carpet runner, and more. Ⓒ Use the door and window tools to select a new door from the Library. Ⓓ "Paint" your new design with colors and textures using the Material Painter™.

After Photo

Completed projects will match your designs. It looks just like you imagined!

Material Painter™

Point-and-click to change colors and textures for walls, floors, countertops and more – choose from thousands of choices or create your own with Color Chooser™.

Elevations

Advanced 3D camera tools allow you to create virtually any view including wall elevations. Design in 3D or 2D – add cabinets, resize, and dimension automatically.

3D Design Tools

Choose from several 3D design tools including Glass House™, Doll House™, Final View, and Virtual Tours – Even email your 3D models to friends and family.

Lighting

Choose from several styles of lights from the built-in Library and place with a single click to create dramatic views. Visualize with realistic interior light shadows.

Estimate Costs

Don't be surprised by the cost of your remodeling project. Interior Designer can automatically generate a complete spreadsheet of your project costs broken down by category.

Room Decorating

Design Planning Center

Expert Design Advice

The exclusive Design Planning Center provides advice, decorating guidelines, tips, and techniques from the editors of *Better Homes and Gardens®* magazines. We've gathered the information you need to help you plan the most important areas of your home – and it's all included in the Design Planning Center!

Discover the secrets that architects and designers use to create beautiful homes using the Design Planning Center and the pre-designed Home Style Templates – ranging in styles from Country Cottage to Contemporary.
